CRIMINAL RECORD BUREAU CHECKS

Lonsdale Carers aim to be responsible employers. Due to the nature of our work, we feel it important to make checks on our whole staff team. For this reason, we make enquiries from the Criminal Records Bureau who have information on all criminal convictions and identity.

We recognize that there may be team members who have convictions, but this does not necessarily preclude volunteering at Lonsdale District Carers. If you have any particular concerns that you would like to discuss with us, please be assured that your concerns will be treated in confidence.
